

We are pleased to start this report and welcome seven new members, which includes three sets of joint members to our Branch. They bring with them four Austin sevens and a 12/4 Clifton.

Most runs are well supported, especially those having a meal at a hotel or cafe.

Happy Hour is still popular on Wednesday afternoon. Please feel free to join us if you are in the area. Held at Squires Cafe and Bar, 522 Main Road Stoke from 4pm onwards.

Activity in the motor houses.

Lou McDowell is nearing the end of a long and exacting restoration, of his 1928 12/4 Clifton.

Brother Joe is hoping soon to start work on his 1935 York 18/6 saloon.

Alan Braid is building a 1929 Austin seven coup and is making steady progress.

Errol Harper is working on an ascot 12/6 having owned for many years and once their daily transport.

And finally, my A/7 special I have been working on and off for many years is getting a bit closer to going.

Spread that oil about,  
Colin Gregson.
